MATTAPOISETT REPUBLICAN TOWN COMMITTEE
Kathleen M. Lynch, Chairman
21 Beacon St., Mattapoisett

JOHN DECOSTA BI-CENTENNIAL HEAD

John DeCosta, the Florence Eastman Post 280 representative on the Bi-Centennial Committee, was elected chairman of that group at the last meeting. Selectman Donald Linhares sat with the committee at that session and discussed procedure on activities of the Bi-Centennial. The consensus was that activities should be allotted to the various town organizations so that each could participate and be in charge of a specific part of the program. The restoration of the Wilson Barstow portrait at the Public Library is one of the projects. The bicycle path is one of the main projects that the Committee is working on. The Mass. Director of Natural Resources Frank Grice has recently been sent the additional engineering data that was requested by that department by Tibbetts Engineering Corp.

## DUMP VIOLATION NOTICE

The Selectmen received a copy of an October 3rd notice to the Mattapoisett Board of Health from the Massachusetts Board of Health. This notice concerned an alleged violation concerning the storage of stumps noted on September 11 at 12:10. The notice said that stumps and logs must be kept in a separate part of the landfill area and covered periodically. Other than that, this inspection found the Mattapoisett town dump "well operated".

Mattapoisett Selectmen Donald Linhares, William Hubbard and Chairman Robert Silveira, left to right, in photo, accept a plan from James Shepley, right, of the Conservation Commission. Town recreation, open land, forest and conservation areas, both in being and projected as potentials for the future are outlined. This Phase II of the 3 phase Ford Foundation Grant study shows beach areas, forest land, paths that could be developed for both hiking and horseback riding, etc. Mr. Shepley said that enough copies will be available so that all town

EMERGENCY TEST

A Civil Defense emergency test is shown in progress in above photo. A situation was simulated which posed problems which might occur during a hurricane and which each department head was asked to solve as it pertained to his department. In the background: Paul Kelley of Civil Defense, Selectmen Robert Silveira, William Hubbard and Donald Linhares as they passed out the emergency situation slips to the town officials.

3 who are Mrs. Robert Moynihan, Mrs. Estelle Beale and the Rev. Paul Myers, a former Congregational Church pastor who returned to Mattapoisett to retire. Selectman Chairman Robert Silveira presented a letter dated October 7 which proposed the name of Real Breton for the post. The Trustees said that all of the 3 applicants they interviewed had a background to fill the vacancy well but of those they found the Rev. Myers best qualified with trustee experience in the Congregational Church library. Following a discussion the vote was taken and the Rev. Myers was elected to the Board of Trustees to serve until the next town election.

VAULT COMBINATION CHANGE

The Board of Selectmen has agreed that a change is due to the combination of the town vault which has not been altered in a number of years.

REST ROOMS AT PARK OPEN

Selectmen have postponed the winterization of the Shipyard Park rest rooms for a couple of weeks while mild weather continues.

SCHOOL ALTERATION HELD UP

Improvements at Center School have been temporarily delayed due to a lapse of Workmen's Compensation insurance. Fire doors and other safety improvements are involved. Workmen will continue this work once the insurance coverage is established.

HILLER'S COVE ACTION

Selectman Donald Linhares expressed himself as being greatly disturbed about the denial of the town's application to square off a parking lot at Hiller's Cove. He said that this beach has long been known as a swimming area and that improvements such as the parking lot had proceeded for years with the town trying to do these in a progressive, gradual manner. He said that all that the town had wanted to do was square off an existing parking lot. Two years ago, he said,

the town was told that an engineering plan would have to be made. The first plan was rejected by the Selectmen themselves and the second was presented to the Conservation Commission. Mr. Linhares was greatly disturbed that the Conservation Commission felt at liberty to pick and choose on the same engineering plan rejecting the parking lot while approving a culvert. All 3 Selectmen are puzzled as to the reason for the denial of their application since it was not stated. They would like a specific reason for this rejection. Another point that they would like to clear up is the reason that the decision was signed by only 3 members of the Conservation Commission when others were present during the deliberation. Selectmen will meet with the Conservation Commission in the near future to discuss the denied petition.

Mr. Linhares said, that in view of the rejection of the parking lot, he saw no reason why the town should spend money on the culvert which had been approved. He moved that the $4,000 earmarked for this project be returned to the general fund for various town projects and be used on another job on this list. The Selectmen voted to do this.

ASK SUB REGIONAL ACTION

The Board of Selectmen, in a letter sent by Executive Secretary George Hall, have requested SRPEDD to bring its influence to bear on Governor Sargent's proposed Coastal Zone Regional Task Force. The Selectmen feel that public participation should be kept to a minimum and that coastal zone planning be broken down and done on a sub-regional basis so that those whose problems are distinctly different would be in different groups. Selectmen said that Fairhaven, Marion, Mattapoisett and Wareham should be separate from New Bedford for example.

Selectmen expressed the hope that these recommendations would be considered seriously to avoid further encroachment upon local

# To The People of Mattapoisett:

The MASSACHUSETTS STATE SENATE is a most important forum.

HERE, 40 elected Senators make critical decisions that affect our well-being.

HERE, a majority of 21 members and oftentimes fewer, make the final determination on matters concerning our very lives.

IT IS IMPORTANT to entrust those decisions to one who has demonstrated his ability to reflect our concerns.

IT IS IMPORTANT to entrust this position to one who can perform within the framework of the general court in our behalf.

The STATE SENATE is very serious business.

The STATE SENATE is a forum that requires the skills of an experienced legislator.

GEORGE ROGERS has a demonstrated record of accomplishments in state government.

GEORGE ROGERS has demonstrated his ability to perform in the general court.

GEORGE ROGERS has the experience of a proven legislator.

Mattapoisett and the district as a whole need the full time services of GEORGE ROGERS in the State Senate.

Now that school is open and "Meals on Wheels" are again available, a driver is provided each school day to deliver the meals.

Are we missing opportunities to serve? Is there need for a meal for the family of a sick mother or a bereaved family? Would it boost the morale of a sick person to have the floor swept and the furniture dusted? Would a capable baby sitter ease your mind if you had to make an emergency run to a doctor or hospital? We are prepared to provide these services, too. After all, FISH is the "friendly neighbor" - people helping people.

FISH volunteers will be gathering in the Congregational Church Fellowship Room on Wednesday morning, October 30, at 9:30. Please join us to learn more about FISH - services available, opportunities to serve, suggestions to share. See you there or call Norma Holt, 4986, or Ilona Langhoff, 2787, for further information.

## Candidates' Viewpoints

CANDIDATES REPLY TO QUESTIONS FROM LEAGUE OF WOMEN VOTERS

Members of the local League of Women Voters asked questions of the candidates for State office in this district and the results are as follows:

Question - If ballot question #4 passes, how would you propose using Massachusetts highway monies? Answers from the candidates for State Senator: Paul G. Hamel (R), I have not made a final decision but would favor permitting some money being used for mass transportation; George Rogers (D), I would favor using the money to establish rail commuter service to Boston and to assist the existing regional transit authority; William Saltzman (I), I would put money back into the kitty, and spend it when we have reduced the size of the legislature and have a balanced budget; Frank Grenier (I), would have to study proposals on hand; James G. Borden (I), I would propose to use some of this money in the New Bedford area after careful study. Answers from candidates for 7th District State Representative: Barbara Lacasse (D), Road building must slow donw and eventually stop. I will work with or without transferred highway funds to reestablish the Old Colony Railroad Line. I believe bus service will follow as a natural outgrowth of regular train service; Charles A. MacKenzie, Jr. (R), Highway monies

should be expended with the following priorities: 1) Highway construction, 2) Highway maintenance; 3) Commuter Rail Service, 4) Mass Transit Authorities, 5) Private bus line subsidies.

To the question If new tax revenues are needed in 1975, what tax measures would you support? the answers were as follows: Mr. Hamel, Would study whole tax package but would be against expanding the sales tax; Mr. Rogers, I will not support any new taxes. I would be in favor of legalizing gambling to raise money to reduce real estate taxes

### "Scottish" Spoken Here

The term "scot free" has nothing to do with Scotland or the Scottish people, according to the Teacher's Scotch Information Centre.

In Shakespeare's day and before, a "scot" (or "sceot," as it was originally spelled) was a municipal tax, one paid to a sheriff. The present-day meaning of "without payment

of a just penalty" can be traced to the "scot free" persons of Elizabethan England who managed successfully to dodge paying their taxes.

The Scotsman, though he has a well earned reputation for canniness and frugality, has equally well earned his reputation for facing up to his just obligations. Thus he is in no way libeled by the phrase "scot free."

There are at least two other apparently "Scotch" terms in English. . ."hopscotch" and "Scotch verdict." The following facts should help you to scotch any rumors about them.

Hopscotch is an old English children's game. The player hops from one division to another of a diagram marked—or scotched—upon the ground, kicking a stone, or tile, with the foot on which he hops.

And a "Scotch verdict" is one "not proven." Although in English and American law a jury in a criminal case is required to bring in a verdict of "guilty" or "not guilty," Scottish statutes allow this third choice.

That's the law . . . and the lore.

**introducing the BEE-utiful BANK.**

There are lots of nice things we could say about ourselves.

Like unexcelled. Or unequalled. Maybe unsurpassed. Or even unmatched.

And, happy to say, lots of folks who bank with us would agree. They've long since discovered what real convenience and real service are when it comes time to bank.

But, honestly now, we'd rather let them do our talking for us. Let them say the beautiful things.

Of course, we'd like you to find out for yourself what makes us BEE-utiful. And then you could say BEE-utiful things, too.

and to apply to education particularly for special education programs; Mr. Saltzman, I would not support any new taxes. Don't kill the goose that lays the golden egg; Mr. Grenier, I would support a general sales tax income as property owners are taxed too heavily already; Mr. Borden, sticker candidate, I support closing tax loopholes for corporations and would scrutinize existing programs to be certain taxpayers are getting their money's worth; Mrs. Lacasse, I believe any additional state revenue should come from a graduated income tax. A sales tax is unfair to lower income families and should not be expanded. I believe we should tax corporations more and work to close loopholes in corporate tax laws; Mr. MacKenzie, 1) increased income taxes, 2), increased sales taxes.

The question What measures would you support to improve the process in which judges are selected and disciplined? was asked of the candidates for State Senator and the replies were as follows: Mr. Hamel, Present system should be retained with more regular input from the bar association and citizens advisory groups. Would study the possibility of putting judge on the ballot every 10 years for a vote of confidence; Mr. Rogers, I would favor a panel set up by the bar association who would elect their own chairman to make recommendations on judges; Mr. Saltzman, The present system will work if the judges come early and stay late until all the cases are processed. Our present system is adequate for the removal of judges who break the law; Mr. Grenier, Would like to study the issue more completely; Mr. Borden, I would propose the creation of county judicial commissions consisting of minority and majority groups to select their own judges. A judge accused of crimes would be disciplined and prosecuted in a different county insuring an impartial decision.

Women Voters advocating that the Massachusetts' Highway Fund be "opened up" in order to finance mass transit systems.

I consider that the "opening up" of the Highway Fund would be a breach of faith and a disaster to every motorist. The fascination of politics lies in the exchange of diverse opinion. It is interesting to examine both sides.

Historically, the Highway Fund was established specifically to build and maintain State highways financed from fees and taxes collected from automobile owners. This Fund was purposely safeguarded against political raids by special interest groups. It was wise to make it inviolate. Over the years, Massachusetts has benefited with excellent highways which are well maintained. During this period, I don't recall any surplus unneeded for this purpose. Rather, priorities have always had to be set to build State highways. We have realized the benefit of this fund just this summer after many years of planning, building and taxation. Route 6 was so jammed with traffic last year that it was all but im-

possible to cross it. Imagine what another 10 years would have done to plug this inadequate road. Fortunately, we don't have to experience this nightmare because our Highway Fund was protected against drain by other interests.

Private enterprise has gone broke with public transportation. Progressively infrequent schedules, poorly maintained equipment and ever higher fares resulted in the inevitable decline in patronage. Higher fuel cost was the finisher. In this same time, business has fled the city core to locate in the suburbs which are in easy reach of autos but a long hard journey by bus. Public transportation has hit bottom. To expect government to succeed where private business failed, to take over and reverse all these factors, to win back such enthusiastic patronage that auto owners will abandon their cars in favor of mass transit is an improbable dream.

Let's not kid ourselves. A new statewide mass public transportation system will absorb far greater treasure than can be drained from any Highway Fund. Experimental systems in other parts of the country have absorbed millions of dollars without even resulting in a single mile of practical system. Only in large cities are new systems on the street rather than the drawing board. To build a system that reaches all parts of Massachusetts would require years. To induce people to use it would necessitate a complete change of life style. People would have to abandon the comfort, privacy and convenience of private transportation. Could this happen without coercion?

# TO THE PEOPLE OF MATTAPOISETT

VETERAN ASSESSOR G. FRANK GRENIER
SEEKS SENATORIAL POST!

People ask WHY, after serving more than twenty years as City Assessor, I am now asking the voters of my district to elect me STATE SENATOR. I'll tell you WHY!

In the past ten years, I have observed property taxes spiraling until they are now double or more what they were only ten years ago. THESE PROPERTY TAXES WILL CONTINUE TO INCREASE UNLESS SOMETHING DRASTIC IS DONE TO HALT THE PROCESS!

WHAT CAN BE DONE ABOUT IT?

Much of the problem lies in the fact that, out of 240 State Representatives in Boston, only a very few really know anything about local taxation. They simply are not trained in that field. Of the 40 State Senators, I've discovered only one or two who even faintly understand the problem.

With my years of experience in local taxation, I DO UNDERSTAND the problem and the answers to that problem. CITIES AND TOWNS ARE CAPTIVES OF LAWS ENACTED IN BOSTON! THEY ARE POWERLESS TO DO ANYTHING ABOUT IT! THEY NEED HELP! I CAN PROVIDE THAT HELP!

If elected STATE SENATOR, it is my avowed intention to devote most of my time to rectifying these repressive property tax laws. I understand that unless these laws are amended, and soon, many SMALL HOME OWNERS WILL LOSE THEIR PROPERTIES. THEY SIMPLY CANNOT AFFORD THIS KIND OF TAX!

That is WHY it is imperative that the voters of my district send a man to the State House who is an expert in local taxation. I SAY ASSESSOR G. FRANK GRENIER KNOWS AND UNDERSTANDS YOUR TAX PROBLEM! THAT IS WHY YOU SHOULD ELECT G. FRANK GRENIER YOUR NEXT STATE SENATOR!

---

Assessor G. Frank Grenier is Past President of the Bristol County Assessors Association and is on the executive committee of the Association of Massachusetts Assessors. He is a registered pharmacist and has attended the Burdett Business College in Boston, has taken special courses at the University of Massachusetts and has also served as instructor on the panel devoted to local taxation. His club affiliations include the Fraternal Order of Eagles, the Loyal Order of Moose, the Elks, the Knights of Columbus, the Cercle Champlain, the Washington Club, the Panthers A.C. and the Sixth Bristol District Club.

## How To Detect Counterfeit Money

One particular kind of "money" actually *is* the root of much evil--the counterfeit kind. Only the public is swindled by counterfeiters, and the small businessman and merchant must absorb the loss. For by law, the bank must confiscate the bad bills, and the merchant has lost his money.

Even if you're green at detecting it, however, you can become a dollar scholar by heeding these hints.

1. A good way to detect a forged note is to compare the suspect note with a genuine one of the same denomination and series. Look for the red and blue fibers in the paper. Sometimes counterfeiters attempt to copy these fibers by printing colored lines on the paper.

2. If the note that you question does contain these fibers, then compare its other features with the genuine note. Look for differences--not similarities.

3. The counterfeiter does not have access to equipment as sophisticated as the Government's; therefore, his notes are inferior. Most counterfeits are made by a photo-mechanical process. The printing appears flat and lacks the three-dimensional quality of genuine notes.

4. Many of the delicate lines in the portrait on a counterfeit note are broken and often are missing. The lines in the portrait background, if you look closely, form squares and on counterfeits some of these squares are often filled in.

If the Highway Fund is to be "opened up" to finance mass transit, we may very well lose the means to build and maintain needed highways while, at the same time, never realize an alternative system in this area in any of our lifetimes. Inefficient "blotters" such as Boston's MTA will get first priority and will suck deep from this money. It alone may be capable of bleeding it dry.

There may be those who have faith that our State politicians will dip into the open Highway Fund, will spend the money wisely and frugally and establish a mass transit system throughout the State so clean, so efficient, so reasonable in price, fast enough to move the passenger to any destination in a convenient time and do it all in our lifetime without hurting our highway system. This would indeed be wonderful. I have no such faith. While waiting for this miracle we will need roads. We won't have roads if the Highway Funds are "opened up" to eager spenders for a system so costly.

I will vote no on Question 4.

## Junior Miss Pageant

The 9th annual Wareham Junior Miss Pageant will be held Saturday night, October 26th, in the Old Rochester Regional High School auditorium. Sixteen high school senior girls from the Bourne, Wareham and Old Rochester Regional High Schools will be competing for the coveted title of Wareham's Junior Miss. For over two weeks these talented girls have been rehearsing under the expert direction of Donna Desjardins. An entertaining and exciting evening is promised as the judges, from various parts of the State, grade each girl with special emphasis on character, citizenship, high school activities, personal ambitions and lady-like poise and demeanor. One of these girls will go on to compete for the title of Massachusetts Junior Miss in the State Pageant. Should she also win this Pageant as others from this area already have, she will go to Mobile, Alabama to try for the big one, the title of America's Junior Miss. # PAUL HAMEL

## For State Senator

BECAUSE HE'S A SUBSTANTIVE CANDIDATE
WHO TALKS ABOUT SUBSTANTIVE ISSUES.

## HAMEL CALLS FOR FISCAL RESPONSIBILITY

State Senatorial Candidate Paul G. Hamel announced today his strong support for "Fiscal Responsibility" proposals currently before the Legislature. These proposals would allow the acceptance or rejection by cities and towns of any state statute requiring substantial expenditures by the cities and towns.

Hamel stated "Such Legislation would not interfere with the proper responsibility of the state government ... rather it would enhance it ... by seeing that only those programs which can be properly paid for are enacted." Paul Hamel pointed out that the taxpayers of the Commonwealth are already up to their necks in taxes while being further strangled by the ever spiraling inflation. Hamel stated, "The people must have some degree of control and this Home Rule approach would allow their input to insure proper fiscal responsibility."

Paul Hamel further stated "It has been a long standing practice of the Legislature to enact new laws or programs without first providing the necessary funds to implement them." Hamel cited as an example the Quinn Bill which pays police officers incentive money for educational credits earned. The towns have complied with the provisions of the Bill and paid their officers; however, they have yet to receive the promised State reimbursement. Hamel cited as another example Chapter 766 which mandated a program for Children with Learning Disabilities. "The program," Hamel said, "is needed but expensive and once again the State dragged its feet in providing the needed implementation funds." Such actions have required the cities and towns to provide the money from their very limited resources. Hamel added, "This means our cities and towns had to raise the money by borrowing at today's sky-high interest rates."

Hamel said, "It is my intention to introduce legislation that would require up-front money on all programs that are mandatory throughout the State." He explained that by this method local implementation of programs would be possible without the expensive borrowing the cities and towns have incurred in the past.

## Mattapoisett Grange

Mattapoisett Grange held its October 17th meeting last Thursday night with the worthy master Susan LaFleur in the chair.

A report on the by-laws was given by Christine Day. The report showed just a few changes and will be voted on at the next meeting.

The illness of Isabel Farwell, who has been in the hospital, was reported.

A discussion was held in regards to closing the hall during December, January and February. Due to the high cost of fuel, as well as in compliance with the energy crisis, it was voted favorably. Committee meetings can be held in members' homes until March 1st as well as social gatherings.

A program was put on by the young people, who presented a Halloween sketch by making a witch's brew under candlelight. In the huge container set over a set of sticks two witches made and stirred up a brew of snakes, frogs, ants, etc. It was very entertaining and the evening concluded with Lauren Horne, Trina and Tracy Bigham serving cider and doughnuts.

The next meeting will be held November 21.

LITTER PICKUP IN ROCHESTER

The Rochester Woman's Club will sponsor a litter pickup on Saturday, October 26th, from 9 A.M. to 1 P.M. All townspeople are invited to join in. Anyone willing to drive a truck should contact Mrs. Shirley Hartley. Following the pickup all volunteers will return to the clubhouse for refreshments. The rain date is November 2nd.

## Messages of Thanks

A THANK YOU

The family of the late Mary W. Junier wishes to thank all her friends for the cards and flowers sent to her during her brief illness. We would also like to thank everybody for the cards of sympathy during our recent bereavement.

Also, we would like to thank the Mattapoisett Police Department for the escort to the church and cemetery.

A THANK YOU

A sincere thank you to Officers Souza, Cacilhas and Simpson of the Mattapoisett Police Department for their quick and efficient response in assisting my wife after she sustained an injury at home.

All too often our Police Department is taken for granted. My family and I deeply appreciate that we have such dedicated men. We are also grateful to our neighbors and friends who responded in a time of need.

YWCA NEWS

Alpine Ski Club has completed plans for its first Ski Weekend of the season and extends an invitation to interested adults to join the Club and get ready for the fun ahead. Even though one has not skied, the week-end offers an opportunity to test one's interest and provides good entertainment.

On December 13 the group will leave by bus for Stowe, Vermont and return on the 15th. Lodging will be at Mountain Air Inn. Reservations may be made anytime with Raymond Melanson, president.

The Club meets the third Thursday at the YWCA for sports, and for business on the first Tuesday, followed by sports.

Prospective members are welcome at any meeting, and may receive further desired information by calling the YWCA at 999-6201, or Mr. Melanson, 998-1288.

LETTER TO THE EDITOR

Bill S 3981 to restore prayers in public schools has been introduced in the SENATE and it will be introduced in the HOUSE OF REPRESENTATIVES soon. It was introduced by Republicans and Democrats, and just a majority vote in both Houses of Congress is needed AND THIS WILL BECOME LAW.

This Bill does not require the amendment process - that is no 2/3rds vote or ratification in 50 States is necessary.

No court will ever again be able to rule against prayers in schools if this bill is passed. The right to pray will be the law of the land.

Write Brooke, Kennedy and Studds to vote for this bill. We know that a huge majority in Massachusetts want prayer in schools. Let us all work to get this accomplished during this session of Congress - the time is short - please do it now.

The Bill reads "A BILL - to limit the jurisdiction of the Supreme Court of the United States and of the district courts to enter any judgment, decree, or order, denying or restricting, as unconstitutional, VOLUNTARY PRAYER IN ANY PUBLIC SCHOOL."

Kathryn Ellis Nowak 513 Point Road, Marion
